"Smoke Alarms: A Sound You Can Live With!"
Sparky- National Fire Protection Association

From the Principal

This year's National Fire Prevention campaign is designed to teach everyone about the importance of smoke alarms and to encourage everyone to take the steps necessary to update and maintain home smoke alarm systems. Please read the letter on the reverse side of this Bear's Paw with your family.

Thank you to the Montague Fire Department who visited us on October 8th to share important information with the children about fire safety. Montague Fire Officials, Jesse Brace and Tom Broderick want everyone to know that the Montague Fire Department has free smoke detectors for anyone who may need them.
