

### **LUNCHROOM PROCEDURES**

Students will go to the lunchroom with their class. Each student is expected to be responsible for his/her behavior by following Monty's High Five. Children will sit at a table with their class, and lunchroom teachers will direct them in obtaining their food, cleaning up, etc.

Each child is responsible for discarding trash and ensuring that the eating area is in satisfactory condition before dismissal. Classes are dismissed as a group for recess, and after that to their homeroom teachers.

Neither food nor drinks are allowed out of the lunchroom. Toys, cards and other inappropriate items may not be taken to the playground. IPODS may not be used during lunch or recess.

### **STUDY HALL/LUNCH DETENTION**

**STUDY HALL** is available to students who require an opportunity to complete homework or make up a test. Students eat their lunch, complete their assignment, and return to the cafeteria for recess. The study hall teacher will assist them with their assignments. Students who choose not to follow Monty's High Five during Study Hall will be moved to the supervised lunch detention room for the duration of the lunch period. They forfeit the opportunity to complete their assignment and the parent will be contacted.

**LUNCH DETENTION** may be given to students who do not follow Monty's High Five. Detention students will report to a detention room and eat their lunch silently. Detention students will not be allowed to return to the cafeteria for recess.

**RECESS** will be approximately the last fifteen minutes of each lunch period. Weather permitting; students will be outdoors for recess in designated areas. It is the parent's responsibility to have children come to school with clothing that is appropriate for the season. When indoors for recess, students are required to wear sneakers if they are to move about the gym, as per a state mandate. Please be aware that drawstrings on sweatshirts, hoods, and jackets could cause harm to a child when using some playground equipment.

Students dressed inappropriately for outdoor recess will not be allowed to go outside and will remain indoors under the supervision of a teacher or administrator.

### **PLAYGROUND RULES**

Students are expected to follow Monty's High Five and remain on the playground during recess and away from the woods, unless a teacher/nurse/administrator has stated otherwise. Toys, cards, and other inappropriate items may not be taken to the playground.
