November 18, 2010

Dear Mr. and Mrs

It is a pleasure to inform you that _____ has been recommended to participate in this year's Project LEAP. This program is designed to encourage deeper study and provide learning activities for gifted and talented students.

Students will usually meet two times a week to work in small groups. Students will be involved in projects and activities that will involve a higher level of thinking.

It is important that you and your child be aware that the student is responsible for work missed in the regular class while he/she is involved in LEAP. It is also important for your child to maintain good citizenship in all classes. If any teacher, recommends any student for discipline with an administrator, more than once, that student will be asked to leave the LEAP program. Each student that is recommended will also be interviewed before inclusion in the program. This interview will allow me to access the student's interests and let the student know the commitment that is involved.

As the parent/guardian, please fill out the enclosed form. The information that you contribute will enable me to further access the needs, interests, gifts and talents of your child. Further, no child will be included without parental permission. Please return the forms to the classroom teacher.

If you have any questions, please call the school at 293-7131 extension 204. If I am away from my desk, I will return your call as soon as possible. If you as a parent would like to share in a special area of expertise as an enrichment activity, please let me know that as well.

I am looking forward to working this year with your child.

Sincerely,

Karen Goyette
LEAP teacher
