

**HELP OUR SCHOOL WIN A BENCH
THROUGH THE
NEXTREX RECYCLING CHALLENGE!**

If we collect enough plastic recycling materials, our school can win an earth-friendly composite NexTrex bench!

This is a great way to recycle specific plastics into new materials and keep them out of our landfill and community environment.

A collection container will be located in the front lobby of the school for the entire school year.

Please see the attached flyer to view the acceptable plastics and recycling materials.

**Our goal is to get at least
TWO (2) benches for our school**

**Organized by The Community Outreach Liaisons
Any questions, please contact
